# KERATIN BOOST

## UK:

Keratin Boost is developed to effectively rebuild the hair's keratin levels and to provide the hair with intense care and nourishment while you are styling. It leaves the hair stronger, healthier and more pliant. Keratin Boost can be used to fill our Nourishing Styler, or as a 2-4 minute rinse-out in wet hair, before conditioning.

## DK:

Keratin Boost er specialudviklet til effektivt at genopbygge hårets keratinniveau og give intens pleje og næring til dit hår, mens du styler. Håret efterlades stærkere, sundere og smidigere. Keratin Boost kan anvendes til påfyldning af vores Nourishing Styler, eller som en 2-4 minutters rinse-out i vådt hår, inden balsam.
