REPAIR CONDITIONER

UK:

HH Simonsen Repair Conditioner contains a keratin-rich microprotein that penetrates the hair strands and rebuilds them from the inside. The hair is left nourished, strengthened and well protected from breakage and split ends. Apply to wet hair and rinse.

DK:

HH Simonsen Repair Conditioner indeholder et keratinholdigt mikroprotein, der trænger ind i hårfibrene og genopbygger dem indefra. Håret tilføres tiltrængt næring og styrke og beskyttes effektivt mod at knække og spalte. Påføres i vådt hår og skylles ud.
