

# Table stands

## TABLE STAND

The table stand from HH Simonsen is made from solid and high quality materials for excellent performance and durability. It can be mounted on tabletops of many different sizes, and the training head can easily be turned in all directions.

## LUXURY TABLE STAND

The luxury HH Simonsen table stand, which is used in many training academies, can be mounted on nearly any table top no matter the size. It's made from high quality and durable metal components and can be adjusted according to your needs. The training head can easily be turned in all directions, and the table stand's height is adjustable by 20 cm.

## TRIPOD STAND

With a unique adjustment system the Tripod stand can easily be adjusted to any height. It features extra foot pedals to prevent it from tipping when used. With the Tripod stand you can easily turn the training head 360 degrees and place it in a horizontal position. The Tripod stand comes with a practical shoulder bag. The Tripod stand is used on The Danish Hairdressing Academy.
