# HEAT PROTECTION

## UK – HEAT PROTECTION AND SMOOTHING OIL IN ONE PRODUCT

Thermal Protective Spray is specific for protecting your hair when you use hair dryer and straightening irons. The heat protective ingredients create a protective film that prevents the hair from drying out due to excessive heat when straightening. The spray contains argan oil that has an anti-static and moisturizing effect that leaves your hair soft and full of shine. Use the spray over damp hair when blowdrying, spray over dry hair before straightening with irons. Shake the spray firmly before use! Make sure the two components are well mixed.

## DK – VARMEBESKYTTENDE OG GLANSGIVENDE OLIE I ÉT PRODUKT

Thermal Protective Spray er udviklet specifikt til at beskytte håret, når du bruger føntørrer og glattejern. De varmebeskyttende ingredienser skaber en beskyttende film, som forhindrer håret i at tørre ud ved kraftig varme og glatning. Sprayen indeholder arganolie, der giver en antistatisk effekt og har fugtgivende virkning, så dit hår forbliver blødt og glansfuldt. Spray i håndklædetørt hår. Spray jævnt i længder og spidser og mindre på hårets inderste del. Flasken skal rystes grundigt inden brug for at mikse ingredienserne.

Heat Spray  
145 ml.

## INGREDIENTS

Aqua (Water), Cyclopentasiloxane, PEG-40 Hydrogenated Castor Oil, Propylene Glycol, Phenoxyethanol, Panthenol, Amodimethicone, Trimethylsilyloxyphenyl Dimethicone, Polyquaternium 11, Polyquaternium-16, Parfum (Fragrance), Citric Acid, C11-15 Pareth-5, C11-15 Pareth-9, Ethylhexylglycerin, Caprylyl Glycol, Acetic acid, Decylene Glycol, Hexyl Cinnamal, Linalool, Argania Spinosa Kernel Oil, Polyamide-2, Limonene, Geraniol, Coumarin, Citronellol, Hydrolyzed Keratin, CI 19140 (FD&C YELLOW 5), CI 14700 (FD&C RED 4), CI 42090 (FD&C BLUE 1)
